

# WILD CONK™

## SUPER IMMUNE SUPPORT - PLUS ESSENTIAL OILS BLENDS

- **A SUPER IMMUNE BOOSTING FORMULA**
- **FORMULATED WITH POWERFUL INGREDIENTS THAT:**
  - **ENHANCES & SUPPORTS THE IMMUNE SYSTEM**
  - **SUPPORTS THE BODY'S NATURAL MECHANISMS AGAINST OXIDATIVE STRESS**
  - **AND MORE**

### WHY IT WILD CONK SO POWERFUL?

At the heart of Wild Conk™ is the Wild Tawtnuk Mushroom, renowned for its high concentration of biologically active Beta-Glucan molecules, in fact, there are 94 Million Biologically active Beta-Glucans per serving in our Wild Conk™ formula.

These molecules are known for their supportive role in immune health, potentially aiding the body in producing specific immune cells. This process is crucial for effectively utilizing the antioxidants in your diet.

Furthermore, Wild Conk™ is rich in natural Germanium, an element known for its oxygen-catalyzing properties and its capability as a free radical scavenger. This contributes to the formula's potential to support the body's natural defense mechanisms against oxidative stress.

Embrace the strength of Wild Conk™ Super Immune Plus Essential Oils, where each drop is a synergy of nature's potent ingredients, thoughtfully combined to support your journey towards enhanced immunity and overall well-being.
