

PureAquaMins®

Purify your water, enrich your body with Minerals

- Fast Results - Drink Purified Healthy Water without Contaminants
- Replenish Your Body and Cells with Trace Minerals to Promote Healing and Help Fight Disease
- Supports and Helps Rebuild Your Body's Natural Immune System

Made with a Patented “Supercritical Extraction Process” which is the key to its purifying power.

- Trace Minerals are what help our bodies fight disease. Through breathing impure air, eating vegetables cultivated in contaminated soil and drinking tap water that has been treated by disinfectants to the extent that it resembles distilled water, we have become deficient in minerals, causing our bodies to no longer function properly. The cause of modern day diseases is a deficiency of the gene minerals we call trace minerals. If the body does not receive sufficient minerals, then people with a large amount of cancer genes will develop cancer, and those who have diabetes genes will develop diabetes. Similarly, people with allergy sensitivities will react to mites and pollen and develop atopy, asthma, and hay fever, etc. PureAquaMins® replenishes such trace elements (minerals) in our bodies as calcium, iron, zinc, cobalt and manganese in order to counter the illnesses which have been caused by their absence or insufficiency. By supplying our body with minerals we allow our natural powers of defense to work soundly.
- In a 90 day, Double-blind Clinical Study, the PureAquaMins® formula was found to reduce accumulated lead, mercury, arsenic, and harmful aluminum in the human body by an average of 82%. In addition, intracellular hydration was increased by 32%.

- In a Bacteria Reduction Test, the *PureAquaMins®* formula was found to kill four types of bacteria commonly present in water: *Escherichia coli*, *Enterobacter cloacae*, *Protus mirabilis* and *Pseudomonas aeuginosa*.
- In a Volatile Organic Compounds Reduction Test, the *PureAquaMins®* formula was found to decrease more than 80 VOCs to undetectable limits in water.
- Works fast to help remove up to 99.9% of: Chlorine, flouride, anaerobic bacteria, viruses, protozoa, pesticides, herbicides, fungicides, heavy metals such as mercury, lead, arsenic, VOCs, THMs and turbidity from water.

How to use PureAquamins®

- **To Purify and Enrich Drinking Water:** Add 5 drops of PureAquaMins® to 8 oz. of water or 8 drops to 12 oz. of water. PureAquamins® may be used with tap water, bottled water, spring water or any kind of water. You may also add PureAquaMins® to juices, teas, coffee, smoothies or other water based drinks.
 - **Preparing/Cooking Food:** When cleaning fruits or vegetables before eating, use PureAquamins® treated drinking water to soak/wash/rinse your food before using them in your food preparation. Use when preparing dishes that have water required i.e. soup, smoothies, etc.
 - **Treating Burns, Sunburn, Bee or Wasp Stings, Cuts and Bruises:** If you encounter any of these maladies, you can dab some PureAquaMins® full strength on the area. Do not use on severe burns. Seek medical attention.
 - **After Showering:** Especially in the water you are showering with has been treated with chlorine or even flouride, you may wish to help neutralize the bad effects on your skin by using PureAquaMins in a spray bottle.
- *Always use as directed and always dilute before using.*
