

CHERRY BLASTER ENERGY DRINK™

Confirmed: **Cherry Blaster™** Improves Learning and Perception

Summary of Research Study:

“Our results clearly demonstrate that neural signals associated with perception and learning systems within the brain were enhanced following the consumption of the **Cherry Blaster™** formula.”

Dr. O. Krigolson, Ph.D.
Theoretical and Applied
Neuroscience Laboratory,
University of Victoria

Powerful Brain Nutrition

Delicious and power-packed with brain nutrition. **Cherry Blaster™** has more than 30 botanicals, vitamins, essential minerals, amino acids and enzymes in a proprietary blend created to improve mental sharpness, alertness, promote maximum focus and enhance better concentration. It is great tasting, easy to use, has less than 15 calories per serving, vegan, and contains absolutely no artificial colors, sweeteners, flavorings or preservatives. It's even certified drug free (BSCG). just natural ingredients for powerful brain performance.

**University
of Victoria**

About our research team:

Dr. O. Krigolson, Ph.D is the director of The Theoretical and Applied Neuroscience Laboratory at the University of Victoria in Canada. He is one of the foremost researchers in the field of neuroimaging.

His lab conducts research using electroencephalography (EEG), functional magnetic resonance imaging (fMRI), and functional near infrared spectroscopy (fNIRS) combined with computational modeling to study human learning and decision-making. The lab is also known for its pioneering work with mobile neuroscience technologies such as the MUSE EEG headband to study and measure human brain health and performance in the real world. Dr. Krigolson's work in this area has led to projects with Island Health, BC Mining, many professional sports teams, and NASA.

About the clinical study:

Within the scope of this study, the researchers tested the theory that **Cherry Blaster™** brain formula enhanced brain neural function. To test this, the participants in the study either consumed **Cherry Blaster™** formula or water while electroencephalographic (EEG) data was recorded to probe brain function at multiple testing timepoints prior to and post consumption. The goal was to test event-related brain potentials in two tasks – one focused on perceptual processing and the other on learning.

A key part of our protocol was that at each testing time-point the participants play two computer games specifically designed to evoke neural signals associated with perceptual processing and learning systems within the brain. The hope was that any changes in these neural signals might gauge the impact of the **Cherry Blaster™** formula on brain.

Dr. O. Krigolson, Ph.D also quantified the time-course of the increased neural activation following the consumption of the **Cherry Blaster™** formula. That is, how long did any of the qualified improvements last after consumption.

Dr. O. Krigolson, Ph.D in the lab during testing of Cherry Blaster.

A Nootropic Dietary Supplement*

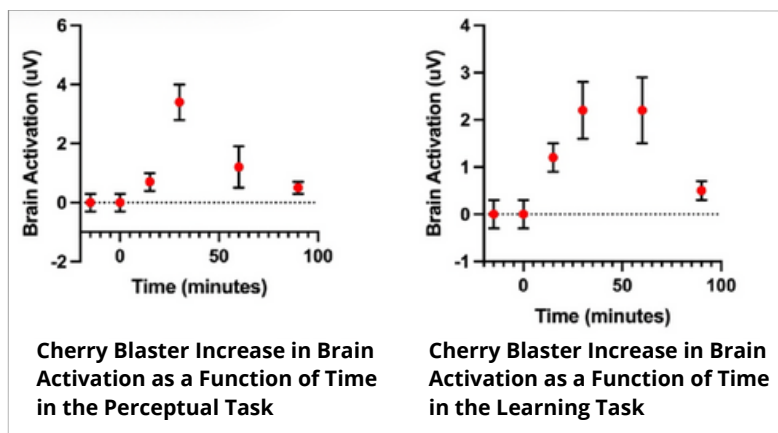

Cherry Blaster™ is an energy brain NOOTROPIC dietary supplement drink. As a mind fuel, it's both healthy and delicious. Our proprietary blend of nutrients stimulates the brain for mental focus and ignites physical vitality without the disadvantages of traditional highly sweetened and caffeinated energy drinks. **Cherry Blaster™** was created with ingredients that safely improve neural function while supporting physical stamina and strength. Our supplement contains amino acids that can improve mood and mental clarity, vitamins and minerals like Zinc and B6 to support physical endurance, and COQ10 and Magnesium Oxide for improved cellular health. Nootropics are natural supplements or drugs that have a beneficial effect on brain function in healthy people. Only a few of these, like **Cherry Blaster™**, can actually boost memory, motivation, creativity, alertness and general cognitive function. Nootropics may also reduce age-related declines in brain function.

The research findings

The results clearly demonstrated that neural signals associated with perception and learning systems within the brain were enhanced following the consumption of the **Cherry Blaster™** formula relative to water.

Further, the results demonstrated actual brain neural improvement. It was found that the consumption of the **Cherry Blaster™** formula resulted in increased brain activation for both perception and learning at the 15 minute, 30 minute, and 60 minute time points. Dr. O. Krigolson, Ph.D believes that reason for this improvement is relatively straightforward – one (or more) of the ingredients in the **Cherry Blaster™** formula directly triggers increases in neural firing and/or increases cerebral blood flow at the 15 minute, 30 minute, and 60 minute time points.

STIMULATE YOUR BRAIN

ESSENTIAL MINERALS
Chromium (Picolinate)
Magnesium Oxide
Selenium (Selenomethione)
Zinc (Citrate)

ESSENTIAL ENERGY
Vitamin A, B1, B2, B3, B5, B6, B12, BT (L-Carnitine), C, E.

ESSENTIAL AMINO ACIDS
L-Glycine, L-Phenylalanine, L-Taurine, L-Theanine, L-Tyrosine

ENERGY NATURAL INGREDIENTS
Asian Panax Ginseng Extract
Choline Bitartate
Creatine Monohydrate
Gluconolactone(DGL)
Guarana Seed Extract
Yerba Mate

CALMING NATURAL INGREDIENTS
Gamma Aminobutyric Acid (GABA)
Inositol

HEART & BLOOD OXIGENATING INGREDIENTS
Ginkgo Biloba Extract
CoEnzyme Q10

Why we created Cherry Blaster™?

Cherry Blaster™ was created for those looking to stimulate mental focus and ignite physical vitality without the disadvantages of traditional, highly sweetened and caffeinated energy drinks.

Cherry Blaster™ provides a “sustainable” boost of energy that tapers off gradually, without any associated “crash.”

We understand that numerous individuals, including students, athletes, gamers, business professionals, and others, frequently seek a way to enhance their energy and mental alertness. However, we believe that prioritizing health should not be compromised to achieve optimal performance.

Achieving focus and revitalization is possible without relying on sugar and preservatives — and it can be delicious as well. **Cherry Blaster™** offers a solution to help individuals perform at their best while nourishing their bodies with safe and natural ingredients.

★★★★★ Five Star Reviews ★★★★★

The focus I had during my workout after taking this was on another level. I like how it is sugar-free, and includes so many cognitive ingredients. Rah K.

*Hello! The **Cherry Blaster™** shot had a pleasant taste and was very easy to mix with a glass of water. I felt a nice steady flow of energy and clarity without any crash throughout the day. I was really impressed and will be buying the product because of how much more motivated and energized I felt. I was able to feel so much more productive. I highly recommend this product for getting a positive boost on busy days.* Angie G.

*Omg what a great taste .I love **Cherry Blaster™**...It made me feel all nice inside...I felt more relaxed after drinking it .I felt i had more energy...I feel better over all. Great product.* Tammy S.

These drink mixes are so convenient! I love that I can keep it in my purse and since I do not like too sweet drinks, I add in any amount that I'm craving and just put the rest back in the bottle! The product tastes great! There isn't any artificial cherry taste which usually tends to happen. It reminds me of cherry flavored snow cones. Renu G.

*I was excited to **Cherry Blaster™** and thought the powder mix would be similar to pre-workout or an energy drink. However, this product exceeded my expectations and went beyond providing energy to allow me to power through my day. Not only did I have increased energy, stamina, and memory, but I felt amazing throughout my body and mind. For the first time in a long time, I felt as though the fog had cleared and I was able to think clearly and I finally remembered everything I needed to do without having to write lists or make additional trips to finish tasks I had forgotten about. I was also pleasantly surprised by the taste. The power mix reminded me of sweet tarts and didn't have a bitter or sour aftertaste. I can honestly say **Cherry Blaster™** is a product that substantially improved my overall well-being and I cannot wait to receive my next order!* Stephanie L.
